With a heart for health care

VIOLETTA - the IV stand

Light and portable.
A huge space saver for hospitals.
Could be stored hanging.

How do you store 16 IV stands on less than 0.5 m²?
How do you carry IV stands easily, for efficient mobile care?

Stable and functional

VIOLETTA is a truly new innovation that will change how you think of IV stands.

Besides being a state-of-the-art IV stand, it is portable, light, practical to transport and SO easy to store.

Home and mobile care

Its mobility and nice design makes it perfect for home care and mobile use.

Its weight of only 3 kg makes VIOLETTA very easy to carry in stairs and very easy to bring in a car, on the bus or by other means of transportation.

Huge space saver

The true revolution with VIOLETTA is its compact and collapsible design and the possibility to store them hanging.

With our 2-level rack you may store 16 VIOLETTAS on less than 0,5 m². No more chaotic storage rooms!

This makes VIOLETTA a storage dream for medical centers and hospital units.

VIOLETTA is a great help for architects and planners of new hospitals and other medical facilities, when it comes to save space.

In an examination room, hang a VIOLETTA on the wall when not using it instead of having the IV stand take up floor space.

VIOLETTA is available in different colors, which makes it possible for each department to have its own color. Red is standard color.

Easily collapsible
